Description:

"ਪੇਹਨਾਵਾ"-Hub is a service-based business website that allows customers to buy or rent costumes and ornaments for a specific period.

Limitations of existing system:

- Limited Inventory and Size Availability
- Manual Process
- Lack of Automation
- Data Redundancy
- Poor Reporting System
- Limited Accessibility
- Security Issues
- Scalability Issues
- User Interface is Not Friendly

Proposed System

- Buy or Rent Option
- Online Catalogue
- Filter & Search
- Easy Booking
- Online Payment
- Order Tracking
- User login
- Return & Damage info
- Rating & Review

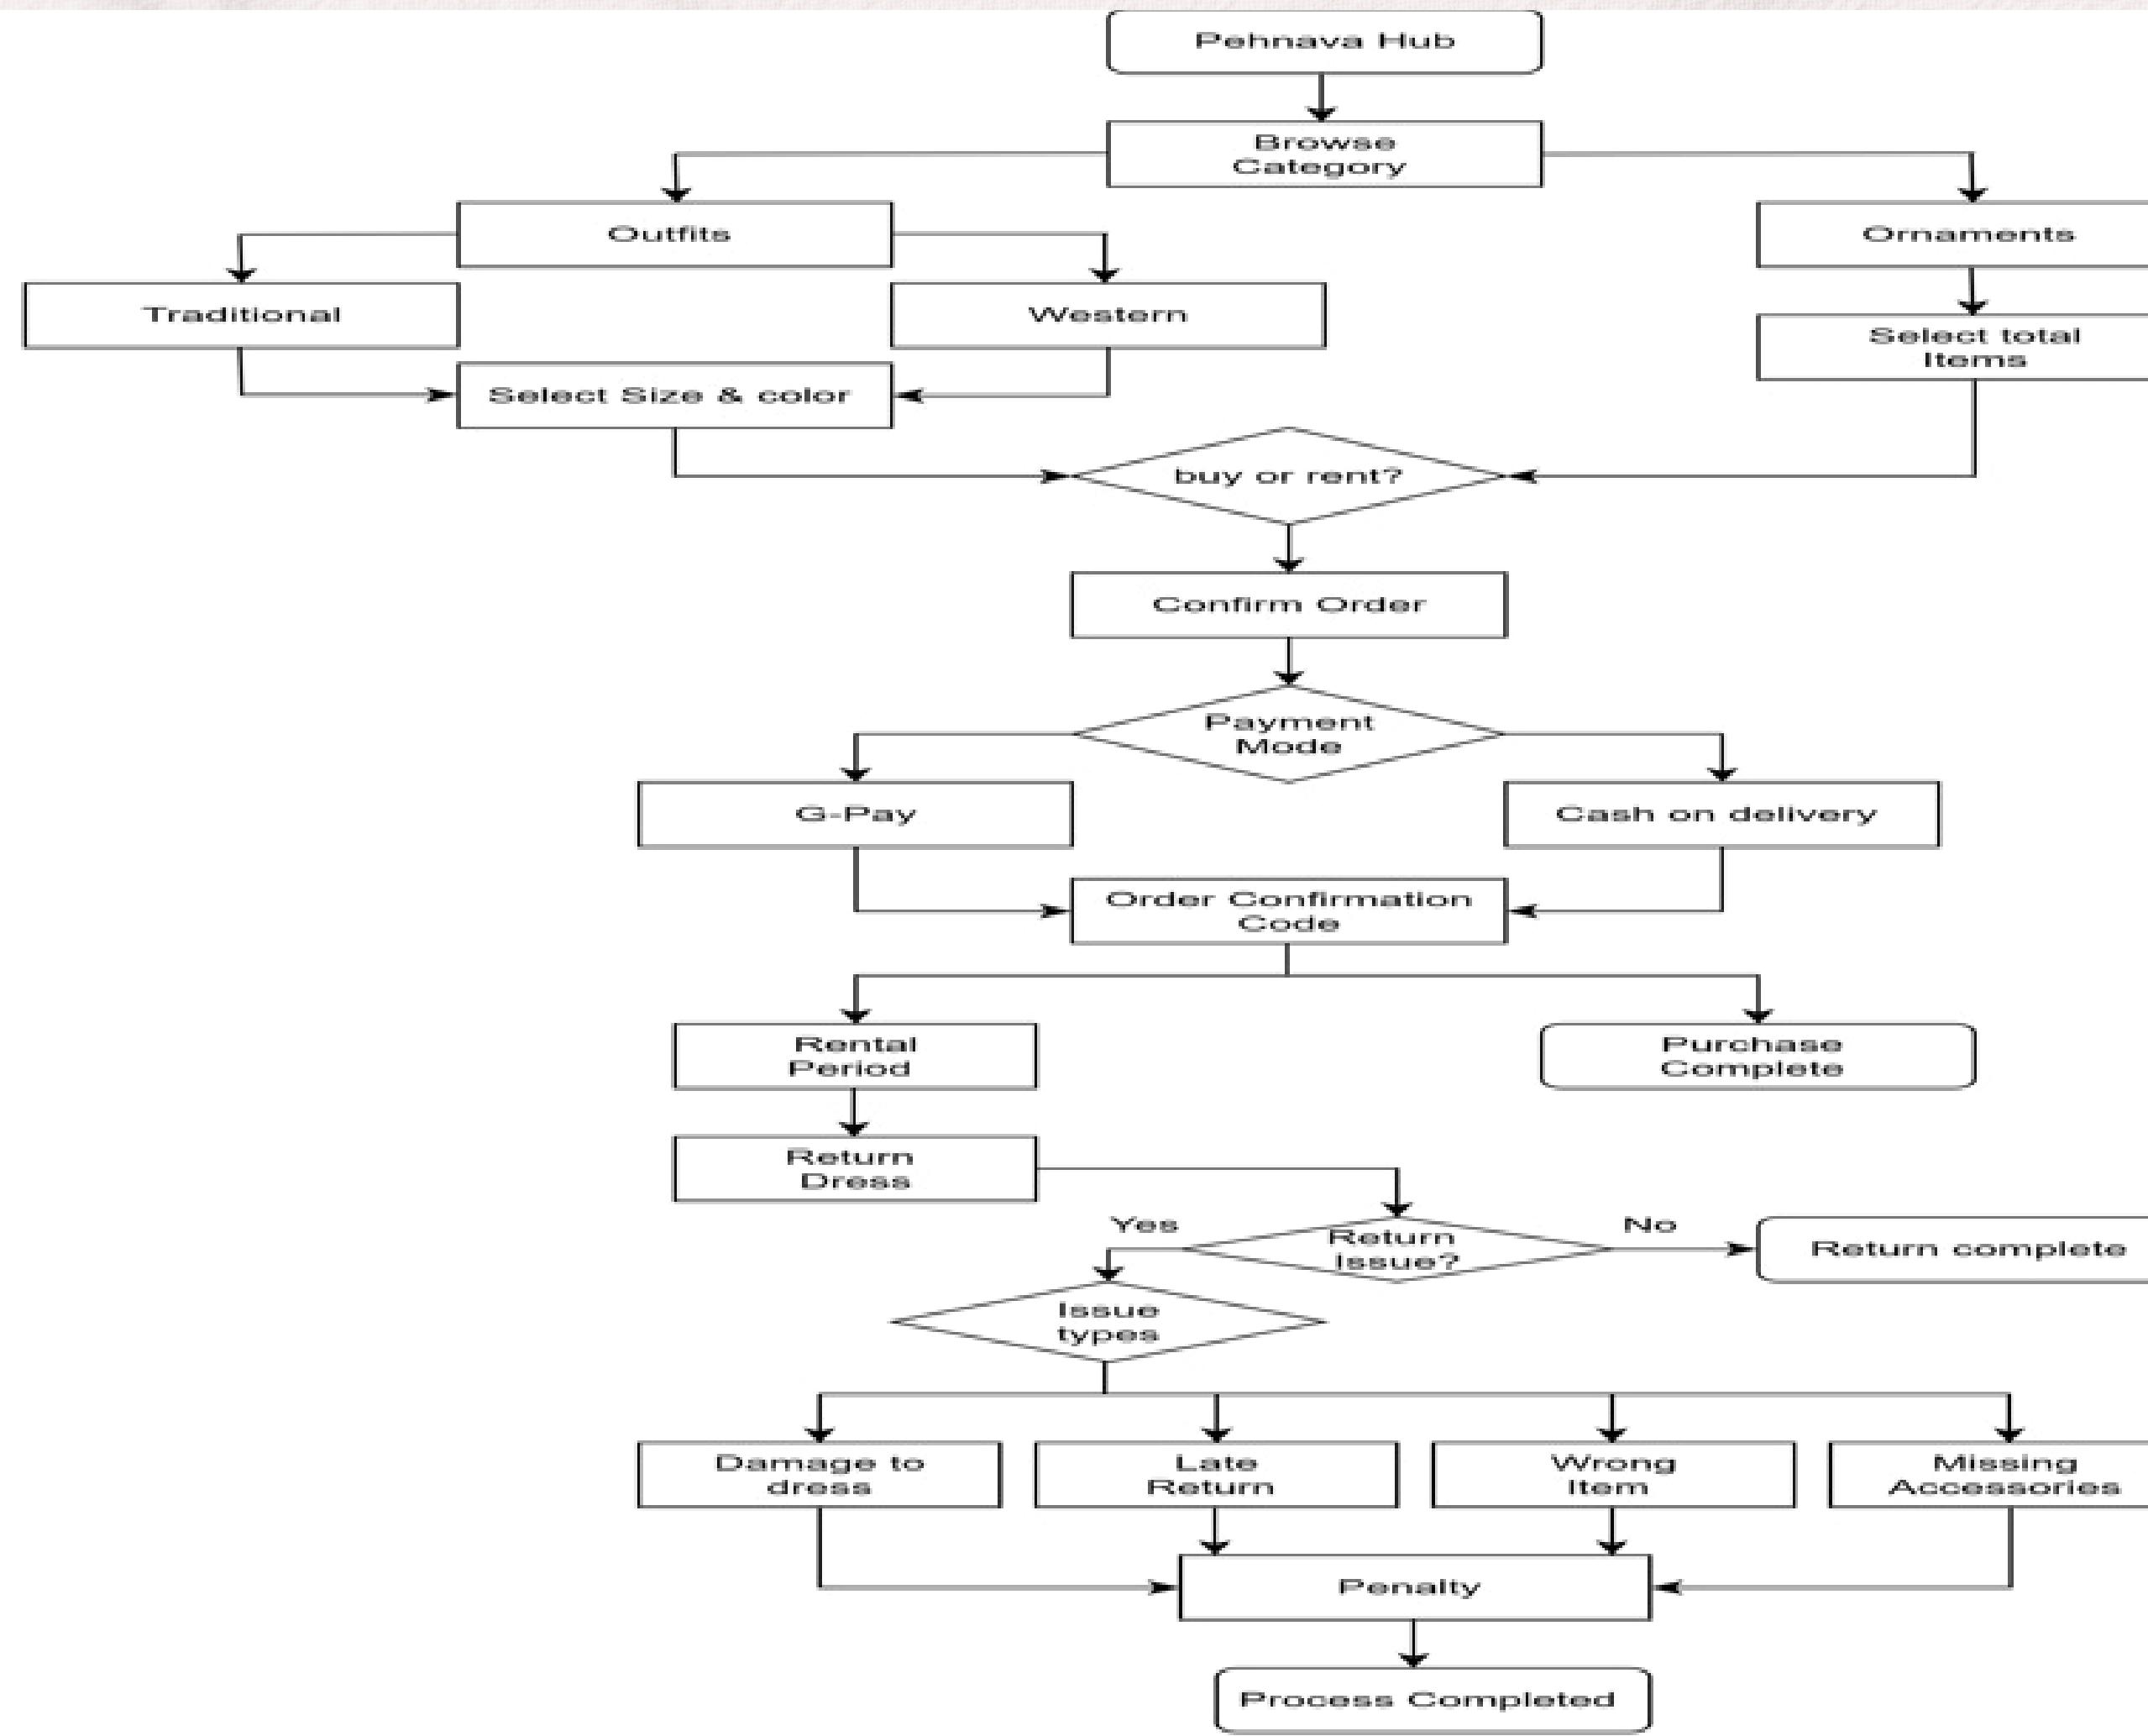

Technology to be used

Front-end:
html, css, java-script

Back-end:
Python, MySql
